**Program, San Bernardino, CA**

**October 2024-January 2025**

- Serve as interim/temporary admissions coordinator for a developing PA program
- Review applications of potential students/applicants
- Serve as admissions committee chair to oversee and coordinate all admissions activities for the program
- Recruit and train interviewers to participate in the admissions process
- Provide strategic direction to ensure the program adheres and meets ARC-PA accreditation standards during the admissions process.
- Analyze feedback and admissions data to guide decision-making process for student matriculation

**Director of Clinical Education, A.T. Still University Central Coast PA**

**Program, Santa Maria, CA**

**May 2022-July 2024**

- Lead and manage a team of 3 Clinical Coordinators and 2 Clinical staff to ensure all students meet assigned learning outcomes and required program competencies for graduation.
- Recruit, train, and mentor clinical faculty members on instructional techniques,

scholarship and clinical year education in order to support delivery of quality instruction.

- Establish policies related to curriculum design that promote academic excellence among students and ensure adherence to ARC-PA accreditation standards.
- Provide strategic direction to ensure alignment with university, college, and program mission, vision, and goals related to student outcomes.
- Cultivate relationships with key stakeholders of external organizations such as the National Association of Community Health Centers, community health centers, and hospitals in order to identify potential partnerships or collaborations.
- Critically and routinely analyze feedback from student outcomes and key stakeholders to evaluate program success and make recommendations for improvement.

**Clinical Director of Physician Assistant Studies,  
Mount Saint Joseph University, Cincinnati, OH**

**September 2016-July 2019**

- Directed the clinical education phase of the physician assistant program which includes development and execution of learning objectives and curriculum in accordance with ARC-PA accreditation standards, student coaching and advising, site recruitment and maintenance, and preceptor development
- Fostered relationships with community medical providers to serve as clinical Preceptors for second year physician assistant students
- Provided leadership, mentoring, training, and coaching for new students, faculty, and staff members.

## **Clinical Experience**

**Physician Assistant, Compass Emergency Physicians, Florence, KY**

**July 2024-Present**

- Provide emergency services for a diverse group of patients experiencing acute and emergent conditions.
- Conduct an appropriate history and physical exam, order and interpret diagnostic tests, formulate a correct diagnosis, order medications/treatment, and properly disposition patients based on diagnosis and acuity.
- Perform procedures as indicated including suturing, incision and drainage, splinting, joint and fracture reduction, joint aspiration, lumbar puncture, and central venous placement.
- Communicate effectively as part of the interprofessional team.
- Participate in administrative and leadership activities, including quality assurance and employee evaluations
- Mentor and train new PAs and NPs and precept PA students

**Physician Assistant, OrthoCincy, Florence, KY**

**November 2018-Present**

- Autonomously provide quality evidence-based patient care in spine surgery and general orthopedics including first assist in surgery, inpatient and outpatient care, ordering and independently interpreting diagnostic imaging (X-rays, MRI, and CTs), prescribing medications, joint reduction, aspiration and injections of large joints
- Lead scholarly activities, including scholarly publications, education of PA students (approximately 6-8 students/year) and provide education to clinical staff/new providers regarding patient care.
- Demonstrate excellent communication skills by interacting effectively with patients, families, vendors, and healthcare team members to ensure quality care delivery.

**Physician Assistant, Qualified Emergency Specialists, Inc. (QESI),**

**TriHealth Hospitals Cincinnati, OH**

**August 2010-July 2019**

- Performed physical examinations, developed treatment plans and provided patient education for a wide variety of acute and emergent medical conditions.
- Performed urgent and emergent procedures including suturing, incision and drainage, aspiration, intubation, and lumbar puncture.
- Utilized critical thinking skills to assess clinical data quickly during urgent and emergent situations.
- Demonstrated excellent communication skills by interacting effectively with patients, families and healthcare team members to ensure quality care delivery.
- As a lead PA, mentored new providers on proper documentation techniques as well as how to navigate the EMR system efficiently.
- Maintained clinical productivity consistent with peers and industry standards.
